1. Think of the different members of your family. How are you similar to them? How are you different? How do the differences manifest themselves in your communication, interactions, and sense of connection with each of them?
2. Looking at the Evergreen-LA church family, what would you say be our strongest commonalities? How are we most distinct and unique from each other?

REFLECTION QUESTIONS:

3. What Christian principles or values did he emphasize to encourage greater unity within the body?

APPLICATION QUESTIONS:

1. How do you distinguish between the essential of your faith, the non-essentials, and the issues that may be disputable? Take time to write them out. On what basis have you place them in that category? What can you learn more that would clarify and strengthen your understanding on these different aspects?
2. What can you do today to contribute and bring about greater healing and unity in our church today?
