Date: October 3, 2021

WARM-UP QUESTIONS:

1. What was the greatest personal change you have faced this past year? How has this impacted your faith?
2. What are some of the uncertainties ahead of you? How are these affecting you?

REFLECTION QUESTIONS:

1. Read through Acts 10. Where was Peter and what was God doing with him at that time?
2. What fears and doubts may cause Peter to hesitate in following God's directives? Why was it important that he had a visual and visceral lesson of unclean food? How did this prepare him in relating to those who were not of his cultural background?
3. Retrace how Peter's three steps of faith mirror that of Jesus before the cross - prayer, community, trust. Map out your own life experiences following these three steps of faith. How have they prepared you to be better anchored in Christ?

APPLICATION QUESTIONS:

1. How can you grow in your prayer life in order to anchor your faith in the midst of change?
2. What is your action plan for facing changes in your life in the way that will strengthen your faith?
3. As you witness our church's re-entry from the pandemic, how might you support and participate in our remaining centered on Jesus?
