We will be staying and serving at Debora's House, as well as serving at several migrant shelters. Debora's House is a shelter for women and their children who have suffered from domestic violence. The families come to rest, heal, acquire job skills and get back on their feet. It is the only shelter of its kind in Tijuana, so families travel from all over Mexico to be there. We will spend our days with the families and staff at the shelters, sharing life with them. This will include engaging with the families in meals, worship, and supporting the shelters by offering our skills and gifts however we can.
