Growing Complacent

2026 Winter Sermon Series

We launch into our annual theme with a sermon series grounded in Jesus' disruptive questions in the Gospel of John. His queries peel back our assumptions, routines, and hardened layers to expose what is needed for real growth. Bring an open heart and a willingness to allow Jesus' questions to uncover a wonderful potential to go deeper in 2026!

Hunger Pangs

2026 Lenten Series

As we come out of our Growing Complacent foundational series, we take our exploration of desires to a deeper level. The questions that Jesus asks us in the first chapters of John now lead us to consider the individual and corporate longings of our

heart. Anchoring ourselves in the miracle and controversy stories of the Fourth Gospel, we examine the signs of Jesus as a way to reveal the deep cravings common to humanity. Journey with us this Lenten season as we look at the hunger pangs of our faith.

The Garden & The Gardener

2026 Eastertide Miniseries

For our spring ecological miniseries, we find ourselves back at the tomb of Jesus, where John makes a peculiar statement about its garden location. Perhaps this place, and the (mis)taken identity that Mary mentions of Jesus the gardener are more than

superfluous details. Maybe they are keys to understanding the character of the resurrection and our call to live resurrected lives. This spring, join us for this special look at the garden and the gardener!

Fare Well

Fall Sermon Series

As Jesus anticipates his final moments with the disciples, He prepares them for a future without Him physically by their side. In what is commonly known as the Farewell

Discourse in John, these final words and moments of Jesus set His students off to live their lives of faith anchored in some key instruction and warning. In the ancient world, farewell speeches on the brink of death were spoken to impart a vision to loved ones so that they may continue the legacy of the dying member. Placing ourselves in these moments with the disciples, we will allow Jesus' emotion and teaching speak into our lives as well.
